

MAKE A DIFFERENCE... *Become an Xtreme STEM Financial Partner*

With your generous support, Xtreme STEM will not only be able to maintain the current work that we are doing but we will be able to expand, helping even more students discover successful STEM-related careers in advanced manufacturing. Remember, for every \$2,500 a new Xtreme BOTS team can be started. And support over \$25,000 will help us launch new initiatives, like the Manufacturing Instant Challenge and the middle-school MiniBOTS program.
